CUBE WATERFALL

CUBE WATERFALL

Cube waterfall nasce dal desiderio di combinare forme spiccatamente moderne con l'incanto e l'armoniosità di una cascata naturale. Una collezione addolcita dai particolari scivoli cromati che permettono di osservare l'acqua corrente durante il suo fluire.
Design by Cristian Mapelli

*CUBE WATERFALL comes from the desire to combine distinctly modern shapes with the charm and the harmony of a natural waterfall. A collection softened by the particular chromed slides allowing to observe the water during its flow.
Design by Cristian Mapelli.*
